Bio Water Urns

These urns are produced by hand from the bark of the mulberry tree using an ancient technique that allows the bark to be harvested without destroying the tree. The process results in a soft, warm biodegradable paper used to craft the urns.

HL 110 Large 3.60 L • 31.5 x 35.5 x 7.5 CM
HL 110 Small 1.00L • 16.5 x 20.5 x 5.7 CM

HL 111 Large 3.60 L • 31.5 x 35.5 x 7.5 CM
HL 111 Small 1.00L • 16.5 x 20.5 x 5.7 CM

These urns biodegrade quickly and naturally once placed in water, water biodegradable urns are supplied with a biodegradable water-soluble bag into which the cremated remains must be placed. All water urns in this catalogue are designed to float briefly and sink intact. Float times will vary by urn and amount of remains in the urn, as well as local weather and water conditions.

HL 101 4.40L • 21 CM x 24 CM • 2.1 KG

HL 107 0.65L • 13CM • 0.40KG

HL 98 2.70L • 23CM • 1.20KG

Bio Urns

Ground Burial Bio Urns. These sustainably-crafted urns are suitable for burial. When buried in earth, they will biodegrade naturally over time. This time may vary based on the material the urn is produced from and the environment in which it is buried.

Ash Jewellery

Sterling Silver Collection

As part of our Ash Jewellery collection we have a broad range of Sterling Silver Jewellery available which is specifically designed to hold a symbolic amount of a loved ones' ashes.

These pieces are made of high quality 925 Sterling Silver, which means that each piece is made of at least 92.5% pure silver. The remaining 7.5% is an alloy to give strength to the Jewel.

Typical of these pieces of Jewellery is their perfect finish which makes the jewel unrecognisable as an ash holder.
